KPIs that matter

Let's define the metric that **matters**

*Teads*

Qualified traffic  
throughout  
**the path to  
purchase**

*Teads*

Do you really know those metrics ?

# Time spent & Bounce rate

## Google definition

### Bounce rate

Bounce rate is single-page sessions divided by all sessions. or the percentage of all sessions on your site in which users viewed only a single page and triggered only a single request to the Analytics server

### Time spent

The amount of time spent on a page
